

Getting Started

Get tasks done. Earn money.

STEP BY STEP GUIDE

Brief Summary

HOW IT WORKS

People share tasks they need done along with a budget they're offering. In response, skilled taskers send their own offers, suggesting how much they would charge and explaining why they're the right person for the job. The person who posted the task then reviews the offers and chooses the tasker that best fits their needs.

i need a chef for my house party on saturday

[Open](#)

 Posted 11 days ago

ken

I need a talented and experienced chef to prepare a delicious meal for my house party this Saturday. The party will be for approximately 20 guests. I am open to suggestions for the menu, but I am particularly interested in a mix of local Rwandan cuisine and some international dishes. Please provide a proposed menu that includes appetizers, a main course, side dishes, and dessert. The chef will be responsible for all aspects of food preparation, including shopping for ingredients (budget to be discussed), cooking, and serving. Clean-up after the meal is also expected. Please indicate your experience with similar events and provide references if possible.

 **Budget: RWF 60000**  0 Offers

[View Details](#) →

Step 7: Once your account is verified, go to the home page and click “**View Details**” on a task that interests you.
